PROJECT: Bathroom renovation

SCOPE OF WORKS/SCHEDULE OF ITEMS

Basin Point Assembly	Supply and install basin pipework, isolation valves & waste connection.
Bath Point Assembly	Supply and install bath hot/cold supply pipework and waste trap.
Shower Mixer Point Assembly	Supply first-fix hot & cold pipework feeds, wall mounting kit and connect bar mixer valve assembly.
WC/Toilet Point Assembly	Supply cistern water feed, isolating service valve, waste pan connector and install WC unit.
Radiator Point Assembly	Supply radiator tail pipework, thermostatic radiator valve (TRV), lockshield and mount radiator.
Waste/Drainage Branch Point	Supply and install dedicated waste branch drainage pipework and secure connection into the main soil drainage stack.
Strip out existing suite	Safely isolate hot and cold water supplies, decommission and remove existing sanitaryware fixtures.
Relocate Soil Stack/110mm core run	Relocate main soil drainage stack pipework, core new structural pass-through penetrations, and install weatherproof external weathering slate/collar.
Waste pipe reroute to new position (per pt)	Alter, extend, and adapt internal waste drainage pipework runs beneath flooring or within partition walls to revised fixture layout.
Hot & Cold pipe reroute to new position (per pt)	Alter, reroute, and extend hot and cold water supply pipework beneath floors or within wall chases to suit revised layout.
Pipework boxing & framework prep	Construct timber batten framework and moisture-resistant boxing to conceal exposed pipework runs.
Client sanitaryware & appliance supply allowance	Agreed budget allowance for client-selected sanitaryware, specialist appliances, and bespoke hardware.

Subtotal (Net): £3,748.60
VAT (20%): £749.72

TOTAL QUOTE: £4,498.32
